SKILLS

Python

Mongo

MySQL

Web Scraping

Flask

LEARNING

Django

Web3

INTERESTS

Web Development

Web Scraping

LANGUAGES

Urdu: **Native**

English: **Basic**

EDUCATION

B.S in Computer Science | **FAST National University of Computer and Emerging Sciences**

08 2017 – 07 2021

- CGPA: 2.91

EXPERIENCE

Python Developer | **Pursue Today** 09 2021 – present

Developed and supported the operations of crawler for 20+ competitor websites to get competitive data necessary for core decisions.

Made the crawlers automated and accessible through API endpoints to get competitor product URLs and scrape their data.

Implemented company algorithm to automate the prediction of new prices of 10M plus SKUs Leveraged the power of flask to make the algorithm accessible via API endpoints.

Worked with mongoDb, mssql and elastic search to store, process and consume relevant data for the algorithm.

Fiverr - Upwork 06 2018 – 08 2021

I have done a lot of minor and major project both in group and also in separation i have done web scraping, automation, website creation, Natural language processing as a freelance

PERSONAL PROJECTS
